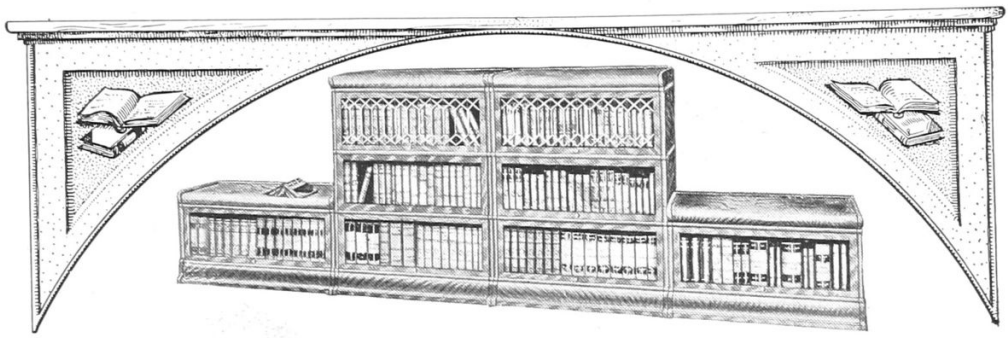
The Globe-Wernicke "Elastic" Bookcase.

In presenting our catalogue for 1905-6, we claim that The Globe-Wernicke System of "Elastic" Bookcases has now been perfected to that extent that it not only incorporates every desirable mechanical feature worth having, but in the opportunities now created for artistic design and effective arrangement of libraries, it far excels all other bookcases of either solid or sectional construction.

Our text matter clearly demonstrates *why* Globe-Wernicke "Elastic" Bookcases are superior in mechanical construction to all others, while the illustrations of a few interior libraries show to a limited extent the artistic possibilities.



Your Assurance

In purchasing furniture of sectional or unit construction, there arises at once certain conditions as to *future* obligations, entirely distinct from those of ordinary transactions involving the sale of articles complete in themselves.

The assurance of satisfaction on future purchases is based on the following indisputable claims:

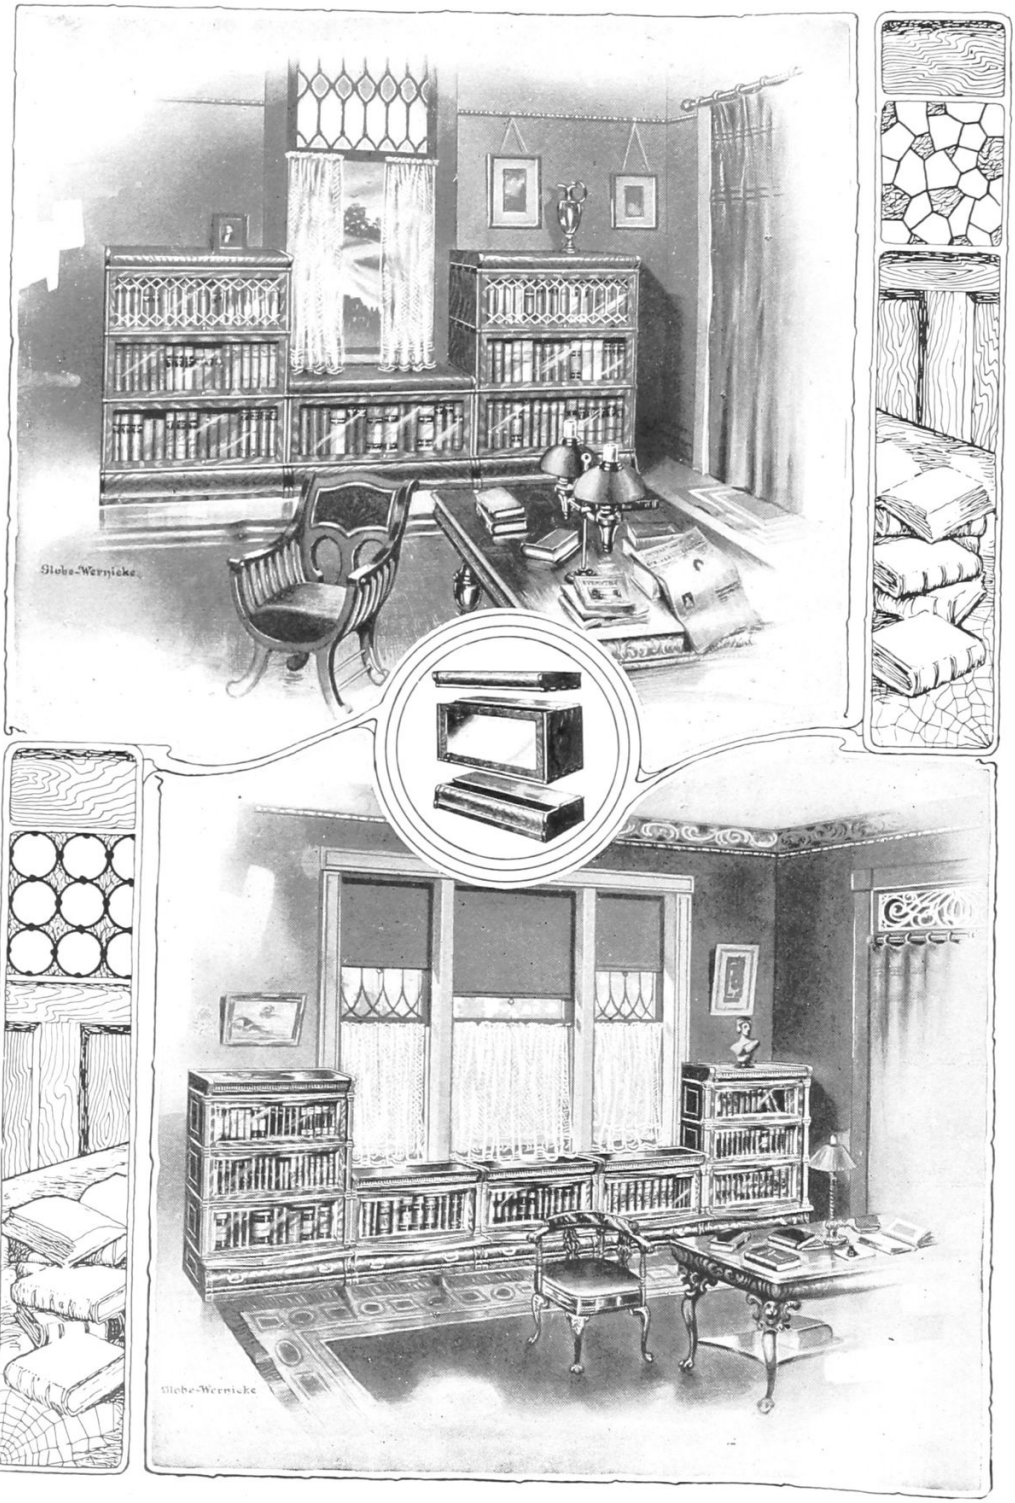
AMPLE FACTORY FACILITIES.—Our plant is the largest factory in the world of its kind. It represents an investment of over two million dollars and covers eighteen acres floor space.

AMPLE CAPITAL.—Our financial rating — $1,000,000 and over — is the highest given by commercial agencies.

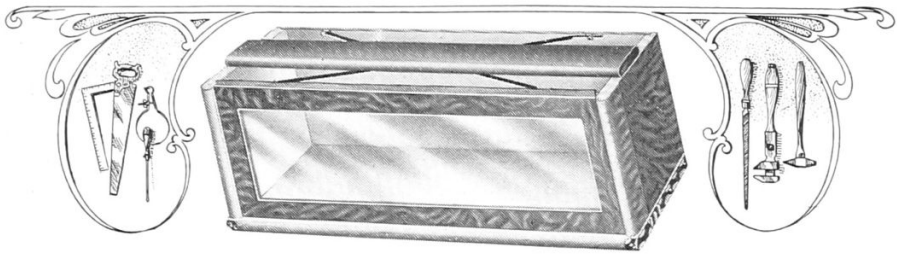
EXPERIENCE AND ORGANIZATION—Being the originators of the *Unit Idea* as applied to both sectional bookcases and filing cabinets, this company has long since passed through the experimental period.

Years of experience and thorough organization have naturally enabled this company to secure the advantage of all practical improvements that would better the physical construction, or enhance the quality and appearance of these goods.

Ample capital, adequate factory facilities, long experience and thorough organization all combine to afford the buyer of Globe-Wernicke products the strongest guarantee of absolute protection on either present or future purchases that it is possible to make.



Globe-Wernicke
Globe-Wernicke



Mechanical Construction.

A Globe-Wernicke Bookcase Unit is complete in itself—that is—it is of *solid* and not knock down construction.

This insures sufficient strength to remove a unit with contents intact and without danger of collapse.

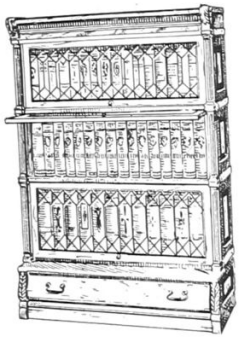
The front and sides of each unit are of selected white oak, or mahogany.

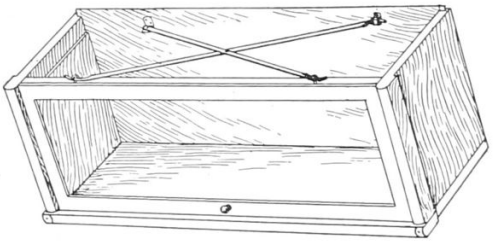
The backs and bottoms are of three-ply wood which offsets any tendency to warp, split or swell. By three-ply we mean that each back and bottom is made of three separate pieces carefully glued together, the grain of the center piece running crosswise with the grain of the outer pieces.

Each unit is provided with a disappearing glass door set in a solid frame securely joined together which, in opening, swings upward and then noiselessly backward, entirely out of the way. In closing, the door is drawn forward and released, its action being governed by a metal equalizer described on the following page.

Each section is so correctly proportioned that there is not the least suggestion of clumsiness—so strong and light that it can be carried with its full complement of books.

Fitted over each door is an elastic strip to protect contents from dust.





The Globe-Wernicke Door Equalizer.

Whether a bookcase can be regarded as a complete success or not, depends to a very considerable extent upon *the door*.

In a solid bookcase, if the door be suspended on hinges, it is very apt to swing open unless locked, and when open is always more or less in the way and liable to damage.

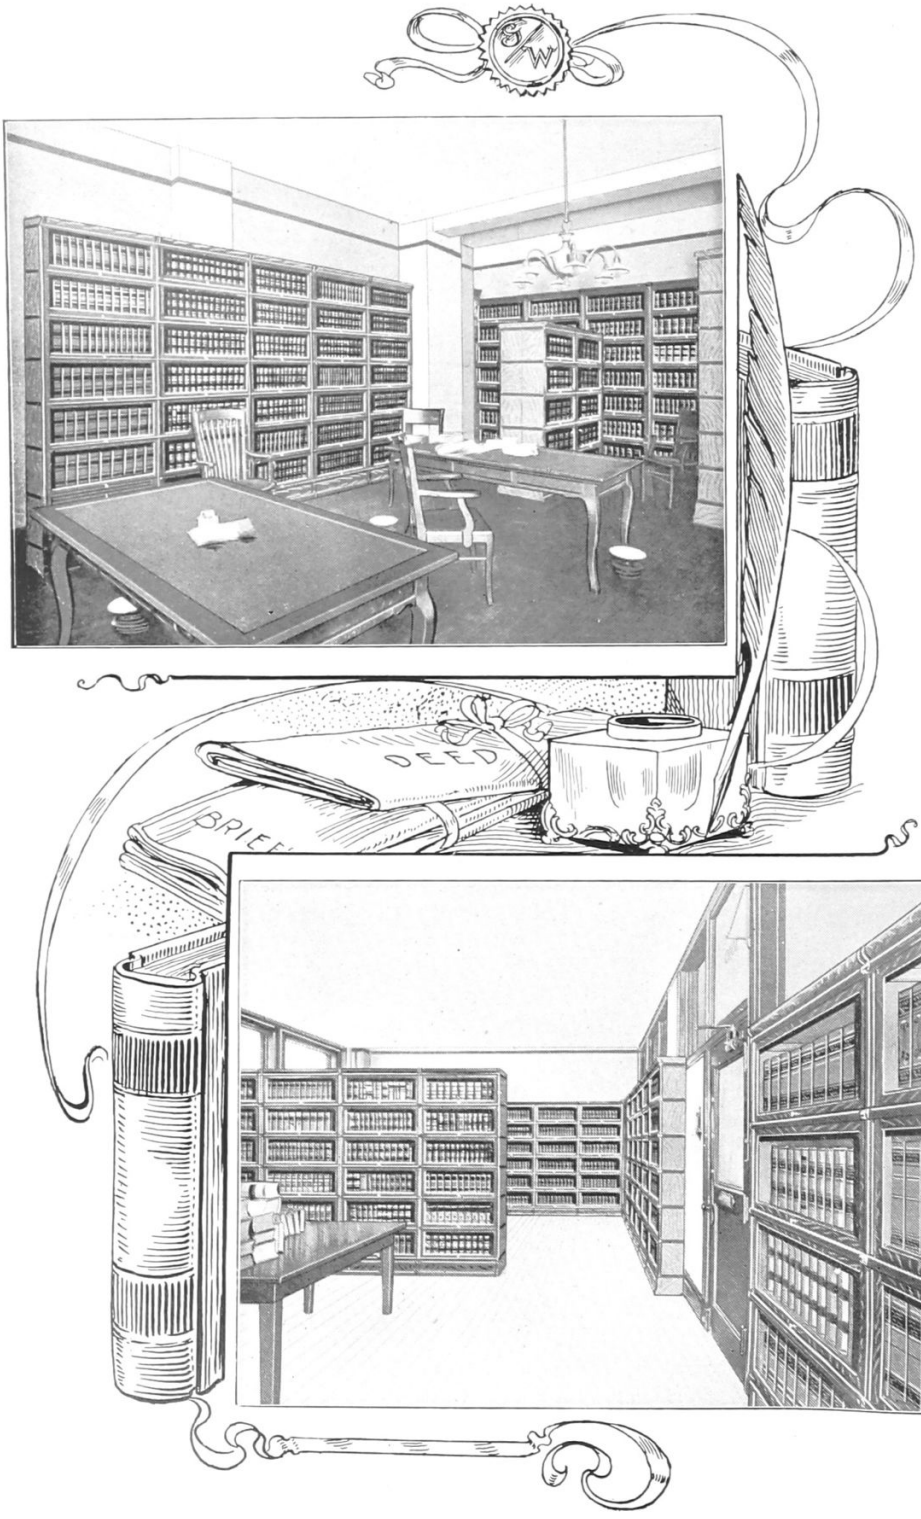
In a sectional bookcase the chief difficulty to overcome is a tendency on the part of the door to catch or bind.

Our recent invention known as the door "Equalizer" has proven to be a most fortunate and successful solution of the difficulty.

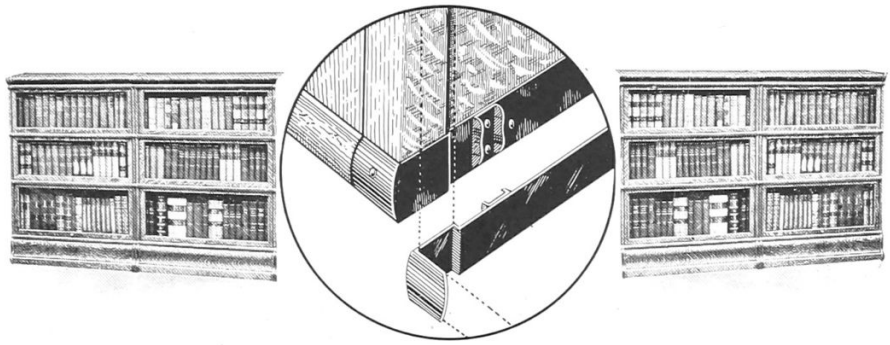
It absolutely controls the movement of the door by *centering its action* so as to make it absolutely impossible to bind while traveling.

It takes up absolutely no book space and is noiseless in action.

Both the standard and three-quarter length sections of Globe-Wernicke bookcases are equipped with this equalizer.



DEED



The Interlocking Strip.

All Globe-Wernicke "Elastic" Units are provided with a metal interlocking strip, the importance of which merits special comment.

To build two or three bookcase units one on top the other is easy of accomplishment.

But, when two or more tiers, *each* containing three or more units, are placed side by side, the only way by which a perfect alignment can be secured and maintained is by this inconspicuous but efficient metal interlocking device which is the only one that has proven practical to hold the end to end units together and prevent unsightly apertures between sections.

These metal slips also prevent any tendency to warp or shrink—contingencies ever present in changing climates.

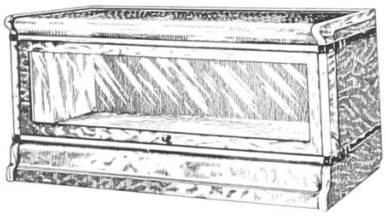
To recapitulate the superior *mechanical* points of construction in The Globe-Wernicke "Elastic" Bookcase, we have:

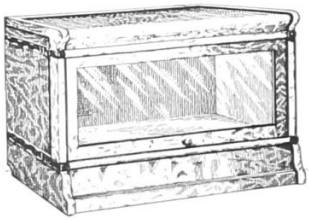
A unit of *solid* and not collapsable construction

A unit sufficiently strong and light to enable its being carried with contents intact.

A door so controlled by an *equalizer* that it cannot possibly bind or catch.

An interlocking strip which secures and maintains a perfect alignment and prevents warping and splitting.





Comparative Lengths.

The Globe-Wernicke "Elastic" Bookcase Units are made in whole and three-quarter sections.

All *whole* sections measure 34 inches outside, and 32 inches inside, in length; these units being designated as *standard* in the diagram on opposite page.

All *three-quarter* sections measure 25½ inches outside, and 24 inches inside, in length; these units being designated as *three-quarter* in diagram on opposite page.

These short or *three-quarter* sections are designated by the character "S" appearing *after* the number giving the inside heighth of unit; for example, D-10¼-S means a unit three-quarters of the length of the regular D-10¼ size—see pages 52 and 53.

The *three-quarter* sections do not create the square box effect of half-sections, and furthermore, when used in conjunction with the whole or regular sections are capable of fitting a larger number of given lengths than a combination of whole with half-sections.

The diagram of the comparative space occupied by a single *three-quarter* section to that occupied by three *standard* sections as shown on the opposite page will be found valuable in measuring wall space occupied by Globe-Wernicke Bookcase Units when placed end to end.

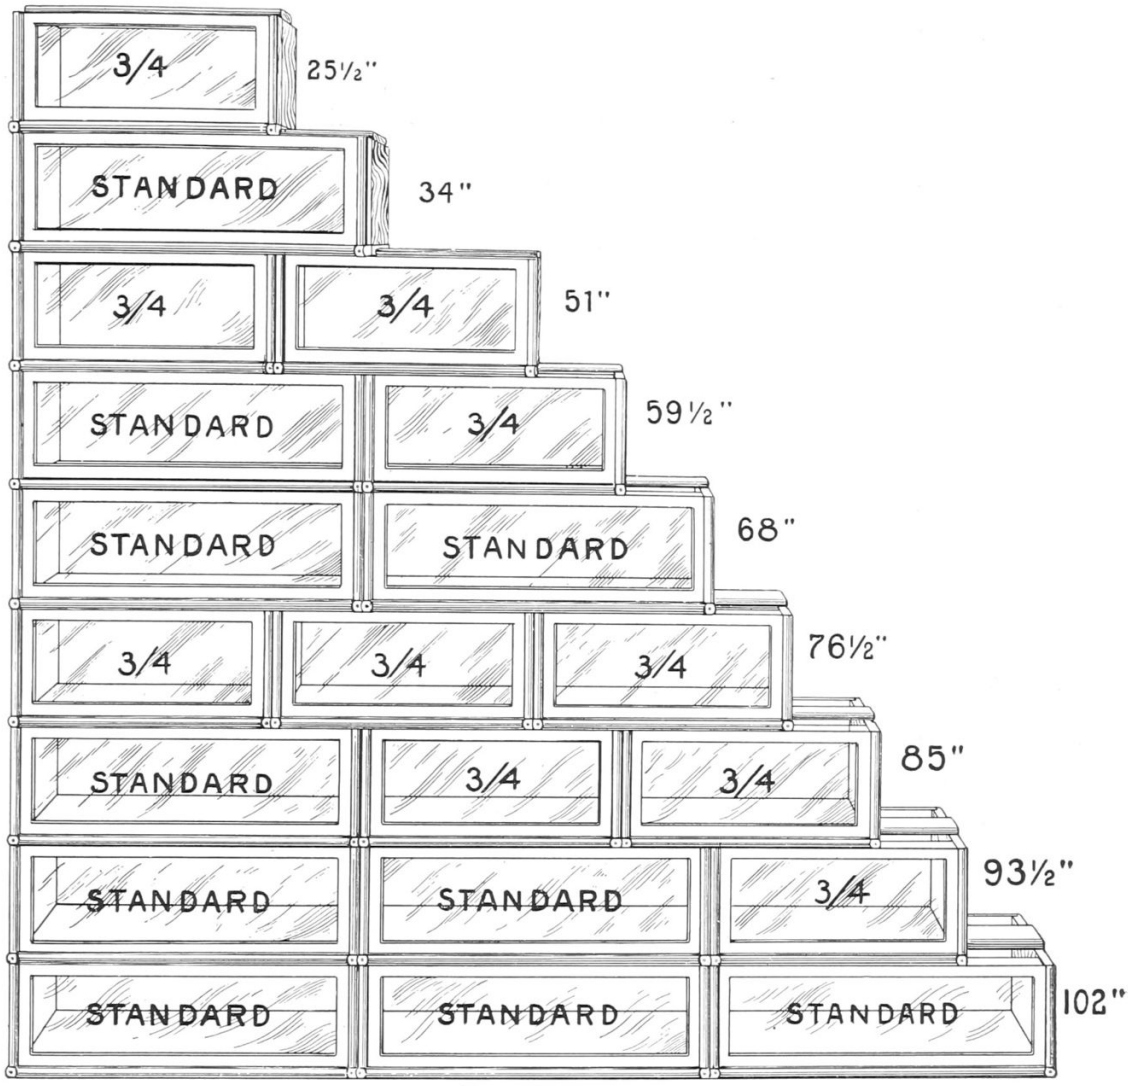


Diagram of Three-quarter and Standard Length Bookcase Units.

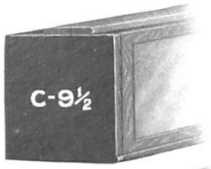
The accompanying diagram is intended to demonstrate the number of combinations which it is possible to make in a given space of 102 inches, or the extreme length of three standard size units.

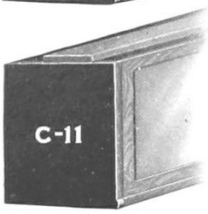
The length of a standard unit is 34 inches outside, while that of a three-quarter section is 25½ inches. Therefore, it is possible to make a combination every 8½ inches beyond 51 inches which is the space required by two three-quarter sections.

These three-quarter sections will be furnished in all finishes listed in this catalogue in C., D. and E. size *Standard* units, but not the *Ideal*.

The *prices* of the three-quarter bookcase units will be 25 cents less per unit than the standard length, and the same price as standard length for top and base unit See list pages 52 and 53.

Dimensions.





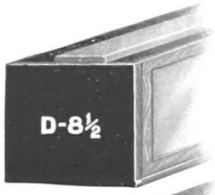
All standard *length* units measure 34 inches outside. All three-quarter units, 25½ inches outside.

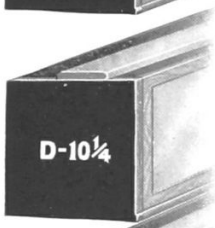
Three-quarter length units are designated by the letter "S" immediately after the number giving heighth.

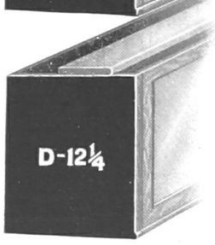
To designate the *three* respective *depths* of Globe-Wernicke Sectional Bookcases, we use the terms *C. D.* and *E.*

"C" units are 8 inches deep, "D" units 9½ inches deep, "E" units 12 inches deep.

To designate the six respective *heights*, we specify the number of inches immediately after the letter thus: "C-9½ units" are 9½ inches high. See diagram:







C. UNITS.

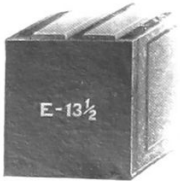
C-9½ Unit. . .	is 8 in.	deep,	9½ in.	high,	32 in.	long,	inside.
C-9½-S Unit . .	"	"	9½ "	"	24 "	"	"
C-11 Unit	"	"	11 "	"	32 "	"	"
C-11-S Unit. . .	"	"	11 "	"	24 "	"	"

The "C" size units are intended more particularly for office and law libraries. They will accommodate all standard law books excepting the U. S. Revised Statutes, which require D-12¼ size. See pages 46-48. Listed on page 52.

D. UNITS.

D-8½ Unit. . .	is 9½ in.	deep,	8½ in.	high,	32 in.	long	inside.
D-8½-S Unit.	"	"	8½ "	"	24 "	"	"
D-10¼ Unit. .	"	"	10¼ "	"	32 "	"	"
D-10¼-S Unit	"	"	10¼ "	"	24 "	"	"
D-12-¼ Unit.	"	"	12¼ "	"	32 "	"	"
D-12¼-S Unit	"	"	12¼ "	"	24 "	"	"

The "D" units are designed particularly for home libraries, the respective heights being so graded as to cover all ordinary requirements for arranging collections of books including standard works of fiction, biography, history, educational and religious works, encyclopedias, etc. See list page 52.



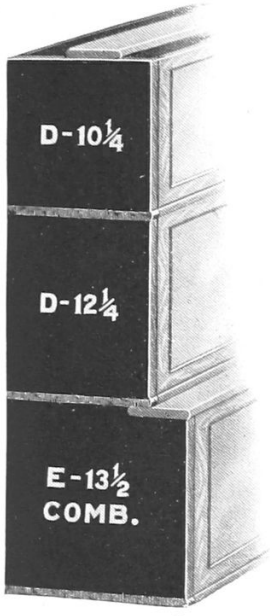
E. UNITS.

E-13½ Unit. . .	is 12 in.	deep,	13½ in.	high,	32 in.	long	inside.
E-13½-S Unit.	"	"	"	"	24 "	"	"

This size is suitable for quarto books like Century Dictionary and works of similar nature. See list page 52.

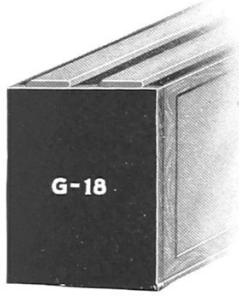
TOP AND BASE UNITS.

Top and Base units are made to correspond with different depths of C. D. and E. whole and three-quarter units. See list page 52.



Combination Units.

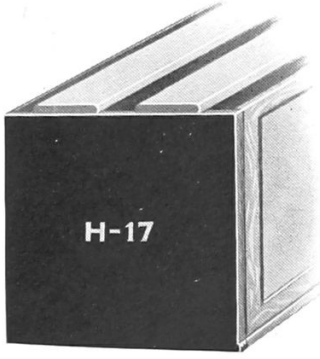
In the arrangement of a library the different sizes of books sometimes require units of different depths. This is accomplished by placing units of *lesser* depths on those of *wider* ones—for example a D-12¼ unit, which is 9½ inches deep inside, on an E-13½ unit which is 12 inches deep—see illustration. The *wider* unit is then designated as a *Combination* unit. Combination units are made in D-10¼, D-12¼, E-13½, G-18 and H-17 sizes and listed on pages 53 and 54.



Special Size Units.

For the accommodation of extra large books such as atlases, art portfolios, musical publications, bound periodicals, etc., we furnish on short notice special size units designated as G-18 and H-17 sizes respectively, but we do *not* carry these in stock.

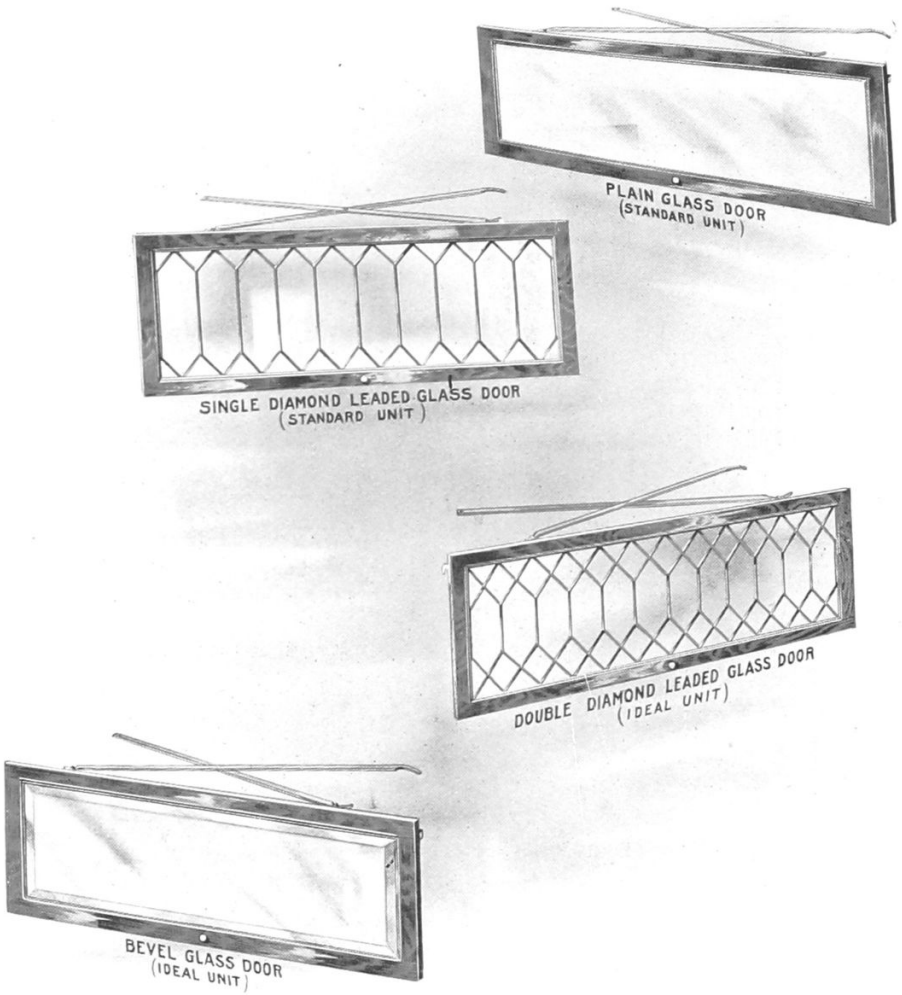
	Deep.	High.	Long.
G-18 Units . . are	13 in., . . .	18 in., . . .	32 in., inside.
H-17 Units . . "	16 " . . .	17 " . . .	32 " "



G. and H. Units are *not* made in three-quarter lengths, except on special orders.

When these sizes are desired to combine with units of lesser depth, specify *G. Combination* and *H. Combination* respectively.

These units are listed on page 54.



Styles of Glass Doors used in Globe-Wernicke "Elastic" Bookcases.

Styles of Glass Doors.

All *standard* styles of Bookcase Units are fitted with either plain glass doors or, when so specified, with the single diamond pattern of leaded glass as shown on the opposite page.

Leaded glass is particularly effective when the library is furnished in colonial, or mission style, the weathered oak finish (grade 297) harmonizing with the subdued color scheme frequently sought after in library equipment.

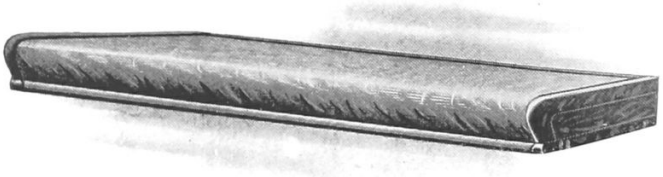
Sometimes it is desirable to have a leaded glass door in the top unit only, thereby adding somewhat to the ornamental effect, as is frequently done when a single Bookcase Unit is placed on a Desk Unit.

Leaded glass doors (single diamond pattern) are furnished in Standard Units at the following prices, *added* to those given on pages 52 and 53.

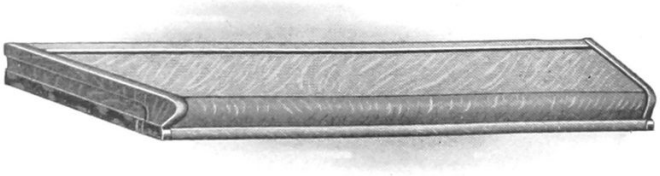
C. and D. size units	**$1.50 each.**
E. size units	**1.75 each.**

Bevel glass and double diamond leaded glass doors are furnished only in the *Ideal* pattern of unit described on pages 49 to 51.

Standard and Mitered Top and Base Units.



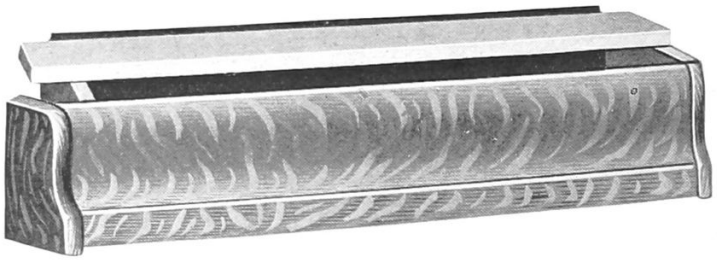
Standard Top Unit.



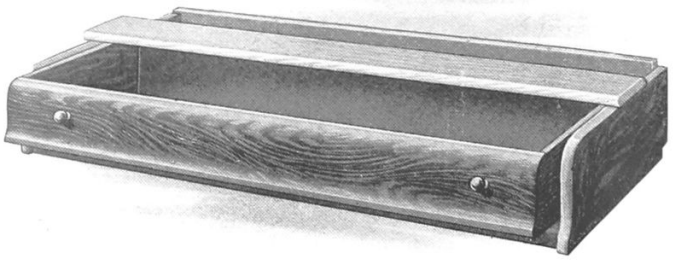
Mitered Top Unit.

Standard Base Unit.

End Strip
for
Mitered Units.



Mitered Base Unit.



Drawer Base Unit.

Mitered Units.

In addition to the regular Top and Base Units as formerly furnished, we now supply Mitered Top and Base Units—see page 18.

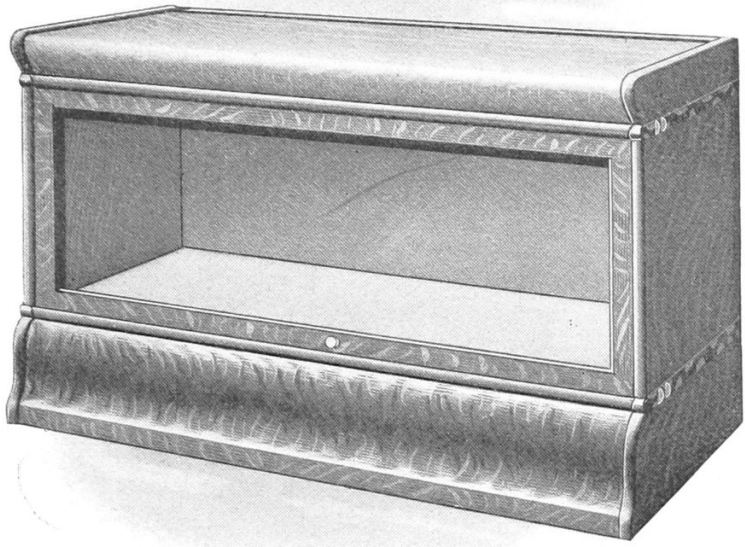
This enables one to place two sections side by side in the corner of a room, and produce the effect of one continuous bookcase as shown in above illustration.

To fit the space between each Door Unit, we supply a finished strip similar to the grade of unit ordered. This is attached by screws to the end unit.

The Mitered Bases are furnished with or without drawers.

For prices of Mitered Top and Base Units, add 50% to the list price of regular Tops and Bases as given on pages 52 and 53. This also includes the price of the end strips.

OFFICE
HOURS
Globe-Wernicke



Grades.

All Bookcase Units are made in seven grades which are listed on pages 52 to 54, as follows:

No. 198—Plain Oak, fine medium dark antique gloss finish, with copper oxidized trimmings.

No. 197—Plain Oak, weather finish, with copper oxidized trimmings.

No. 298—Quarter sawed figured Oak, standard antique finish. Otherwise same as No. 198.

No. 299—Quarter sawed figured Oak, deep rich golden finish, highly polished, brass oxidized trimmings.

No. 297—Quarter sawed figured Weathered Oak, brass oxidized trimmings.

No. 398—Richly finished in imitation of dark Mahogany, otherwise same as No. 299.

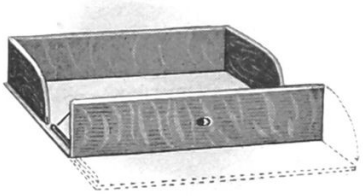
No. 598—Genuine Mahogany, richly finished, medium dark. Otherwise the same as No. 299.

Desk, Music, Drawer, Legal Blank, Cupboard and all units other than bookcase are carried in stock in 299 and 598 grades only.

NOTICE—No. 498 grade, Black Walnut, has been dropped from our regular line, but will be furnished to former purchasers of this grade when wanted.

To avoid confusion between the terms "antique" and "golden" grade of oak, we explain that the former is the *light* color and the latter the *dark*.

The interiors of all units are neatly finished to contrast agreeably with exteriors. They are made of the best cross-laid, three-ply, built-up stock from our own veneer mills.



E-13½ Sheet Music Unit.

The Sheet Music Unit is equivalent in size to the E-13½ Combination Bookcase Unit.

It contains eight drawers built within a skeleton interior.

Each drawer is 12 inches deep, 14¼ inches long and 3 inches high inside.

The front of the drawer is released by pressing the spring on the left hand side, which makes it possible to select any desired sheet of music without disturbing its order.

We supply a set of index blanks showing contents of each drawer.

No more practical cabinet for sheet music has ever been designed than that recently incorporated in the Globe-Wernicke "Elastic" system.

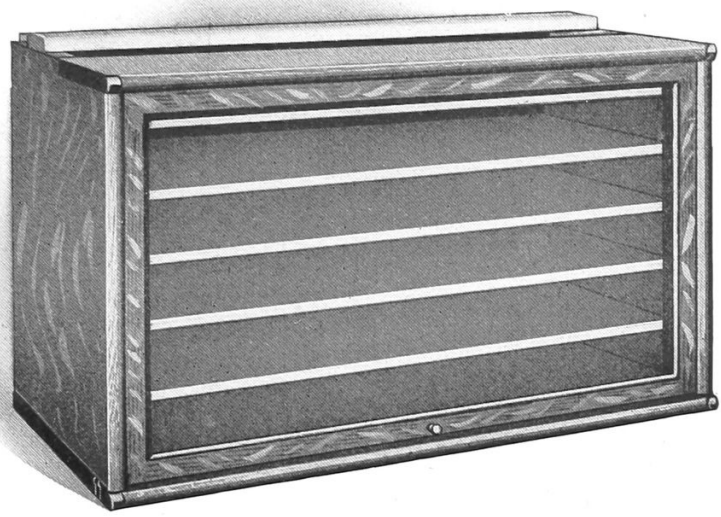
It can also be used as a receptacle for magazines, papers, etc.

Furnished only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
E-13½ Sheet Music Unit	$18.00	$23.00

Subject to terms on page 55.

Shipping weight . . . . 85 pounds.



H-17 Roll Music Unit.

The Roll Music Unit is equivalent in heighth and depth to the H. Combination Unit which is 32 inches long, 17 inches high, 14 inches deep inside—this depth corresponding to the size of boxes containing the rolls of music used for the various piano players that are now in such general use all over the country.

These units contain four shelves, the openings between the two upper shelves being 2¾ inches and those between the three lower ones being 3 inches high.

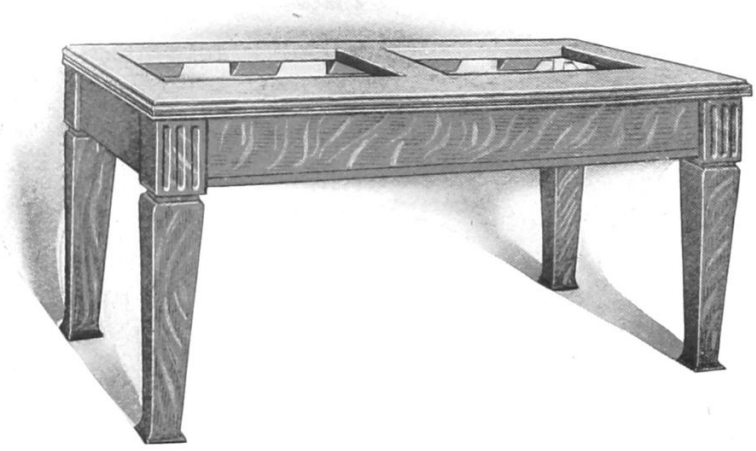
On the following page we illustrate a table base suitable for placing underneath this unit.

Furnished only in 299 (golden quartered oak), and 598 (real mahogany) grades.

Net price, freight paid,	299	598
H-17 Roll Music Unit	$12.00	$15.00

Subject to terms on page 55.

Shipping weight . . . . 155 pounds.



No. 16 Leg Base Unit.

The No. 16 Leg Base Unit, as shown in the above illustration, possesses that character of simple but chaste outline as to readily distinguish it from any ordinary table.

Dimensions, 16 inches high, 18 inches deep and 34 inches long.

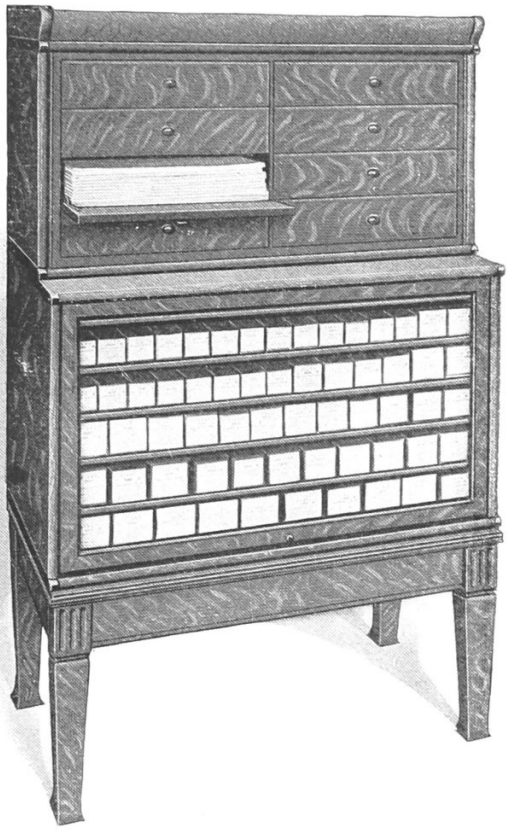
Made to fit D., E., G and H. Standard and D., E., G. and H. Combination Units.

Furnished only in 299 (golden quartered oak), and 598 (real mahogany) grades.

Net price, freight paid,	299	598
No. 16 Leg Base Unit.	$10.00	$12.00

Subject to terms on page 55.

Shipping weight . . . . 55 pounds.



A Perfect Music Cabinet.

The combination illustrated above consists of the following units: 1 No. 16 Leg Base Unit—see page 24; 1 H-17 Roll Music Unit—see page 23; 1 E-13½ Sheet Music Unit—see page 22; 1 E-X Top Unit—see page 52.

Such a music cabinet will answer the requirements of any musical library whether it be that found in the home, or in the conservatory of the professional musician, and it possesses the decided advantage of being arranged on the Globe-Wernicke plan of "Elastic" unit construction.

Extreme outside dimensions of combination shown above, 53½ inches high, 18 inches deep, 34 inches long.

This combination furnished only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
Music Cabinet as shown above	$42.25	$53.25

Subject to terms on page 55.

Shipping weight . . . . 300 pounds.

D-18¾ Desk Unit.

Patented May 5, 1903.

There has always been a demand for a combination desk and bookcase. There have been many such combinations made, but without exception they have all been subject to the same objection—limited book space.

Our Desk Unit, here shown in connection with our Book Units, enables one to secure a combination desk and bookcase with just as much or as little book space as wanted and, furthermore, affords opportunity for increasing the book space at will.

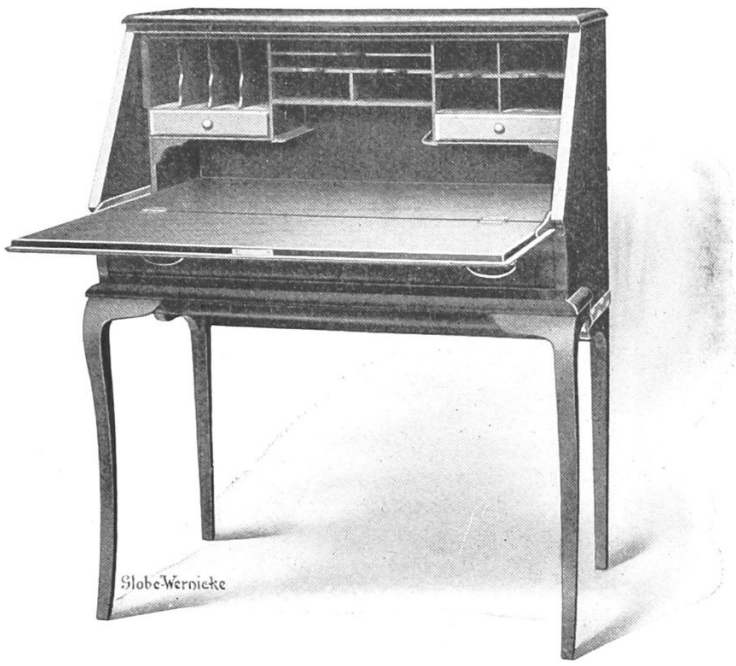
The Desk Unit is for use in connection with *D. size Units only.* In heighth it occupies the combined space of a D-10¼ and a D-8½ Unit, *and must rest on a D-12¼ and a D-X Base Unit.* It is made *only* in Quartered Oak 299 grade, and Mahogany 598 grade. Fitted with removable legs and large drawer under writing table.

Size of writing table when open, 32 inches wide, 32 inches deep. Heighth of writing table from floor, 30 inches.

Net price, freight paid,	299	598
D-18¾ Desk Unit	$18.00	$27.00

Subject to terms on page 55.

Shipping weight . . . . 100 pounds.



Desk Unit on Legs.

Patented May 5, 1903.

As shown above, our Desk Unit can be furnisned with four legs and used independently of any book units. Thus equipped it makes a beautiful and substantial lady's or library desk. Although the legs are detachable, they are so constructed and fastened to the body of desk as to make a perfectly rigid and artistic piece of furniture.

This separable feature gives added value to our Desk Unit, as it is the only device made that can be used alone as a desk, or with book units, as a combination book case and desk, and either alone or in combination, possesses both the elements of usefulness and beauty—see pages 28 and 29.

Made only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Extreme heighth 44 inches, width 34 inches. Size of writing table, when open, 32 inches square.

	299	598
Net price, freight paid,		
Desk Unit on Legs, complete	$21.00	$30.00

Subject to terms on page 55.

Shipping weight . . . . 110 pounds.

A Globe-Wernicke Desk and Bookcase Combination.

The illustration above shows the D-18¾ Desk Unit *open* and in combination with D. size *Bookcase* Units.

The left tier consists of the following units: 1 D-X Base, 1 D-12¼ Book Unit, 1 D-10¼ Book Unit, 2 D-8½ Book Units and 1 D-X Top.

The right tier consists of 1 D-X Base, 1 D-12¼ Book Unit, 1 D-18¾ Desk Unit, 1 D-8½ Book Unit, 1 D-X Top.

Extreme dimensions of Combination as shown, 68 inches wide, 57 inches high. Contains 16 feet book space.

Made only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
Of above Combination.	$42.75	$60.75

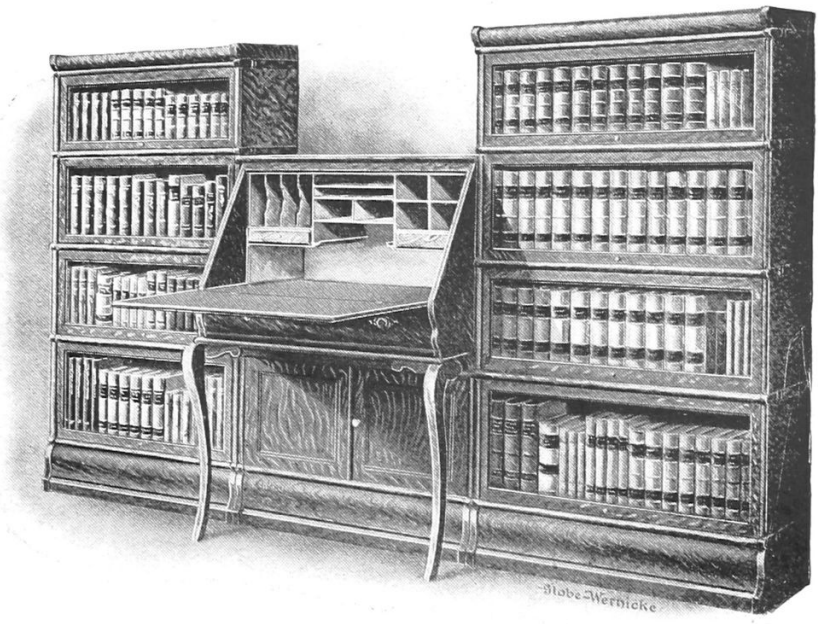
For Leaded Glass, . add $1.50 per Bookcase Unit.
Drawer Bases instead of Plain Bases, $2.00 extra.
Subject to terms on page 55.

Net price, freight paid,	299	598
Of right tier of above Combination . . .	$27.50	$40.00

For Leaded Glass, add $1.50 per Bookcase Unit.
Drawer Base instead of Plain Base, $1.00 extra.

For price of D-12¼ Cupboard Unit instead of Book Unit, see page 32.

Subject to terms on page 55.



A Combination of Desk, Cupboard and Bookcase Units.

The above illustration shows another attractive arrangement of D. size Bookcase Units with D-18¾ Desk Unit and D-12¼ Cupboard Unit in center. The combination is made up as follows:

Left Tier.	Center Tier.	Right Tier.
1 D-X Base.	1 D-X Base.	1 D-X Base.
1 D-12¼ Bookcase Unit.	1 D-12¼ Cupboard Unit.	1 D-12¼ Bookcase Unit.
1 D-10¼ " "	1 D-18¾ Desk Unit.	1 D-10¼ " "
1 D-8½ " "		1 D-8½ " "
1 D-8½ " "		1 D-8½ " "
1 D-X Top Unit.		1 D-X Top Unit.

Extreme dimensions of Combination as shown, 102 inches wide, 57½ inches high. Contains 21 feet, 4 inches book space.

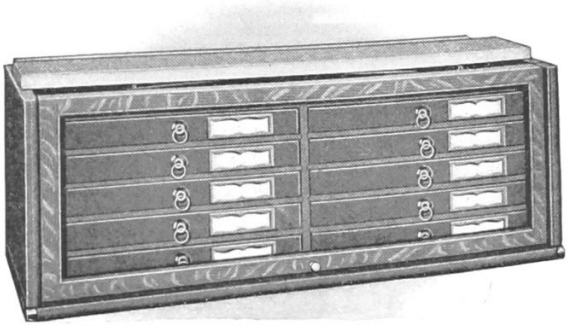
Made only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
Of above Combination	$57.25	$80.00

For Leaded Glass . . add $1.50 per Book Unit.

Drawer Bases instead of Plain Bases, $3.00 extra.

Subject to terms on page 55.



D-10¼ Legal Blank Unit.

The D-10¼ Legal Blank Unit is identical in outside measurements with the D-10¼ Bookcase Unit.

Inside the unit proper, however, is built a skeleton interior containing 10 legal size boxes which are strongly made of binder's board and covered with black cloth fronts fitted with label holder and ring.

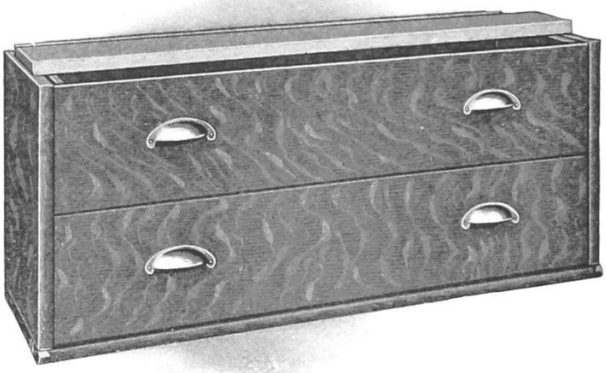
Boxes measure 9 inches long by 1¼ inches high by 14⅝ inches wide inside

Furnished only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
D-10¼ Legal Blank Unit	$11.00	$13.00

Subject to terms on page 55.

Shipping weight . . . . 71 pounds.



D-12¼ Two Drawer Unit.

The D-12¼ Two Drawer Unit is equivalent in outside dimensions to the D-12¼ Bookcase Unit.

It contains two drawers each 30¾ inches wide, 8⅞ inches deep and 5¾ inches high inside.

At the end of each drawer is an automatic catch that prevents it from falling when drawn out to its extreme depth.

Furnished only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
D-12¼ Two Drawer Unit	$7.50	$9.50

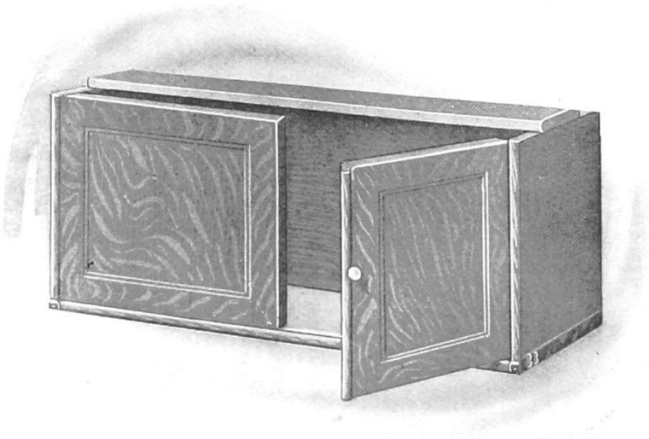
Subject to terms on page 55.

Shipping weight . . . . 56 pounds

Legal Blank, Two Drawer and Bookcase Unit Combination.

A desirable arrangement for an attorney's office. Outside dimensions 48¾ inches high, 12½ inches deep, 34 inches wide. This combination, which is made up of the following units, is furnished only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
1 D-X Top Unit	$ 1.75	$ 2.50
1 D-10¼ Bookcase Unit	3.00	4.00
1 D-10¼ Legal Blank Unit	11.00	13.00
1 D-12¼ Two Drawer Unit	7.50	9.50
1 D-X Base Unit	1.75	2.50
Subject to terms on page 55.	$25.00	$31.50



D-12¼ Cupboard Unit.

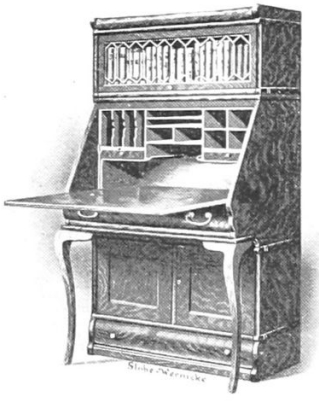
The D-12¼ Cupboard Unit occupies the same space as D-12¼ Book Unit, and is frequently used in combinations with the Desk Unit as shown on this page and page 29. Well adapted as a receptacle for magazines, papers, etc.

Furnished only in 299 (golden quartered oak) and 598 (real mahogany) grades.

Net price, freight paid,	299	598
D-12¼ Cupboard Unit	$7.00	$9.00

Subject to terms on page 55.

Shipping weight . . . . 46 pounds.



One Section, Two Row Case

Outside dimensions, 36½ inches high, 34 inches wide.
Contains 5 feet, 4 inches book space.

State grade when ordering.

	Plain Oak. Antq. or Weath. 193 197	Quartered Oak. Antq. Gold. Weath. 298 299 297	Imitation Mahogany 398	Real Mahogany 598
1 D-X Top Unit . . .	$1.50	$1.75	$1.75	$2.50

Total, Plain Glass . . .	$29.50	$35.00	$35.00	$47.00
Total, Leaded Glass . .	42.00	47.50	47.50	59.50

For Drawer Bases instead of Plain Bases add $2.00

For details regarding sizes, see pages 12-15; grades, page 21; prices, page 52; terms, page 55.

Combination Sheet Music and Bookcase Units

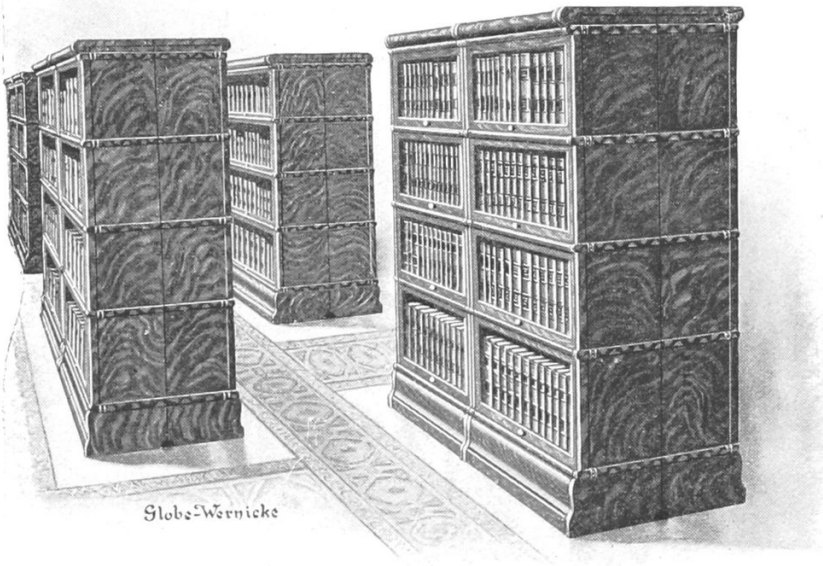
Outside dimensions, 52 inches high, 34 inches wide.

The above combination shows the possibilities of combining the E-13½ Combination Sheet Music Unit, described on page 22, with the regular D. size Bookcase Units. This combination furnished only in 299 (golden quartered oak) or 598 (real mahogany) grades.

	Golden Quart. Oak 299	Real Mahogany 598
1 D-X Top Unit	$ 1.75	$ 2.50
1 D-10¼ Bookcase Unit	3.00	4.00
1 D-12¼ Bookcase Unit	3.25	4.25
1 E-13½ Sheet Music Unit	18.00	23.00
1 E-X Base Unit	1.75	1.75
Total, Plain Glass	$27.75	$35.50
Total, Leaded Glass	30.75	38.50

For Drawer Base instead of Plain Base add $1.00

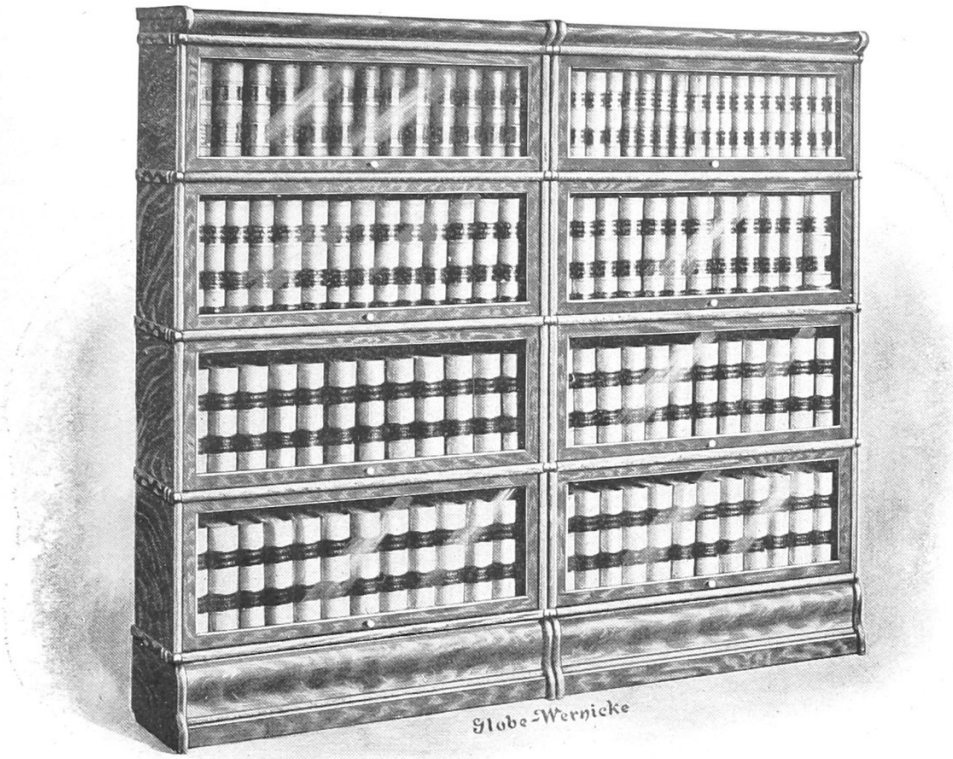
For details regarding sizes, see pages 12-15; grades, page 21; prices, pages 22 and 52; terms, page 55.



Built back to back.

Built around a pillar.

Globe-Wernicke Bookcases as arranged in Law Libraries.



Two Section, Four Row Case

FOR LAW LIBRARY.

Outside dimensions, 52 inches high, 68 inches wide.

Contains 21 feet, 4 inches book space.

For holding law books, we recommend C-11 Units, which will accommodate all standard law books, excepting the U. S. Revised Statutes—these require the D-12¼ Unit. In the above combination, by using D-X Base Units and next above them D-12¼ Combination Units *in place of the C-X Base and the C-11 Units*, provision would be made for all sizes, including the U. S. Revised Statutes.

State grade when ordering.

	Plain Oak. Antq. or Weath. 198 197	Quartered Oak. Antq. 298	Gold. 299	Weath. 297	Imitation Mahogany 398	Real Mahogany 598
2 C-X Top Units . . .	$ 3.00	$ 3.50			$ 3.50	$ 5.00
8 C-11 Book Units . . .	20.00	24.00			24.00	32.00
2 C-X Base Units . . .	3.00	3.50			3.50	5.00
Total, Plain Glass . . .	$26.00	$31.00			$31.00	$42.00
Total, Leaded Glass . .	38.00	43.00			43.00	54.00

For Drawer Bases instead of Plain Bases add $2.00

For details regarding sizes, see pages 12-15; grades, page 21; prices, page 52; terms, page 55.

Combination Bookcase, Legal Blank and Drawer Units

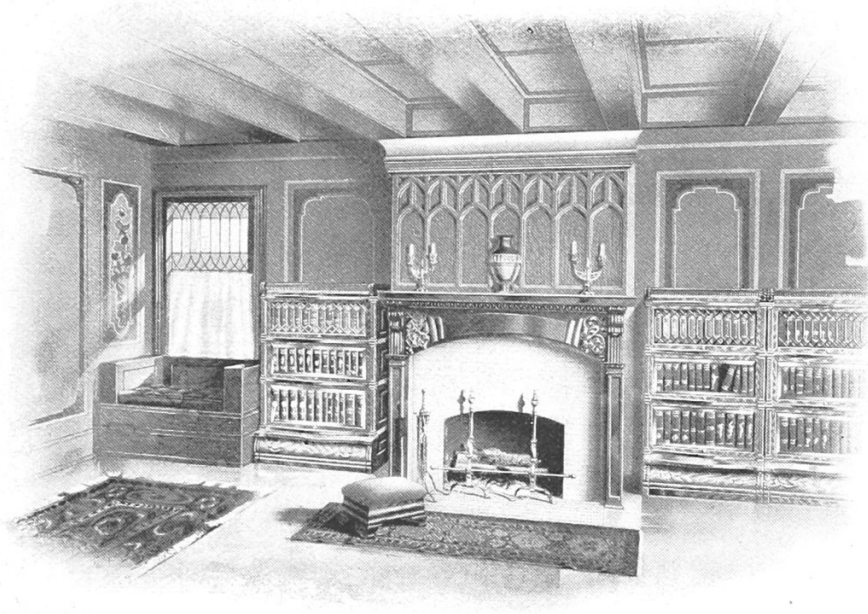
Outside dimensions, 50¾ inches high, 102 inches wide.

This combination furnished only in 299 (golden oak) and 598 (real mahogany) grades.

	Golden Quart. Oak 299	Real Mahogany 598
3 D-X Top Units	$ 5.25	$ 7.50
2 D-10¼ Bookcase Units	6.00	8.00
1 D-10¼ Legal Blank Unit	11.00	13.00
6 D-12¼ Two Drawer Units	45.00	57.00
3 D-X Base Units	5.25	7.50
Total.	$72.50	$93.00

For Drawer Bases instead of Plain Bases add $3.00

For details regarding sizes, see pages 12-15; grades, page 21; prices, pages 30 and 52; terms, page 55.



The Globe-Wernicke Ideal "Elastic" Bookcase.

In recognition of a demand for a bookcase built on the Globe-Wernicke "Elastic" principle of construction, but one of more exclusive and distinctive type than we have hitherto manufactured, we call attention to the new "Ideal" pattern illustrated above.

As will be readily observed, this unit, while more ornate in appearance, does not suggest a fancy pattern, nor does it bear the stamp of novelty, but rather suggests a simple and chaste design such as would appeal to refined taste.

Owners of fine libraries are usually admirers of the book binders art and take pardonable pride in showing costly volumes encased in handsome exteriors.

The door of this new unit is fitted with heavy French beveled plate glass, so effective in enhancing the binding of beautiful and rare books, or a pleasing outline effect is gained by the leaded glass or combination of the two.

Instead of plain ends, each unit is paneled, has swell front and fluted pilaster. The base contains a large drawer suitable for holding art portfolios, while the crown or top with its dentil moulding and carved ends completes an effect both simple and elegant.

Ideal Bookcase Units
with French Beveled
Plate Glass Doors,
Top and Drawer Base.

Finish and Sizes.

Naturally special care is taken in the finish of these cases and only selected material goes into their construction. Ideal "Elastic" Bookcase Units will be furnished in three grades:

Grade 598—Genuine Mahogany, medium dark.
Grade 299—Quartered sawed Oak, deep golden finish.
Grade 297—Quartered sawed weathered Oak.

Ideal "Elastic" Bookcase Units are all made in one depth, 9½ inches inside; one length, 32 inches inside; and three heighths, namely 8½, 10¼, and 12¼ inches respectively—see diagram below.

Prices—Either Plate or Leaded Glass.

ILLUSTRATIONS SHOWING SIZES OF "IDEAL" BOOKCASE UNITS.	ORDER BY THESE DESCRIPTIONS.	GRADE 299	GRADE 297	GRADE 598	SHIP. WEIGHT

TERMS

Net Price, Freight Paid means that we pay the freight from factories to any railway station in the United States on shipments weighing 100 pounds or more. We do not, however, guarantee delivery or assume liability for damage in transit. Our legal responsibility ceases when transportation company issues bill of lading to us. On smaller shipments than 100 pounds, or on goods sent by express, we do not pay or assume transportation charges.

Regarding Prices—On freight shipments of 100. pounds and over, to points east of Montana, Wyoming, Colorado, and New Mexico, the prices in this catalogue are net, freight paid. West of the eastern boundaries of these states, 15 per cent will be added for excessive freight.

CATALOGUES

ISSUED BY

The Globe-Wernicke Co.

CINCINNATI.

No. 105—"Elastic" Bookcases.

No. 805—Office Filing Cabinets; the most comprehensive catalogue devoted to the subject of modern office equipment ever compiled. Contains over 100 pages, describing the largest and most complete line in the world.
